- You will need to allow pop up blockers for the curriculum forms website.
- Important items to check when reviewing the proposals: syllabus, accommodation statement, make sure expectations are accurate, and look for minor mistakes. It is important to meet the expectations of the Registrars Office.
- Proposals may have overlap between department, best to catch this to minimize confusion for students.
- Due to changes in UCC this committee is the last stop.
- Proposals do not have deadlines, but departments may have internal deadlines.
- New programs have a deadline of Nov 1. These must go to IBHE for state approval.
- We go in order that proposals are received. We will prioritize if needed.
- Programs cannot be approved until all associated courses are approved.

4. Information from Todd Steward

- It is best to complete the easier proposals to keep the list moving. Todd will check in at the beginning of each meeting to see which proposals are ready for review.
- When a proposal is reviewed, it will be assigned a category. The categories of approval are:
 1. Accept Approval – these continue through the process.
 2. Approval Pending – Todd will submit changes to department, he reviews proposal again after changes, and sends it on if accurate.
 3. Revise & Resubmit – Committee send back to the department for corrections. Department must resubmit when issues are fixed.
 4. Reject – These proposals have much bigger issues.
